Cero Stool

The award-winning Cero and Sub Cero represent “a captivating union between form and function, where simple lines imbue this timeless piece with an elegance that catches the eye and provokes a smile.” Another example of new Cottapot stool range by Steendyk, the Cero and Sub Cero will brighten up the office, reception, lobby, public library or anywhere there’s a place for bright and breezy casual stool seating.

Pinch Stool

The *Pinch* stool is a magically simple piece of furniture with a soft curved lip draping down to a gentle "X" form. By rotating the stool it can be conveniently and securely stacked.

Available in a range of colours to suit all occasions and standing 455mm high by 375mm square, the *Pinch* is the answer when simplicity is required.

Chuckle Stool

The Chuckle stool is a whole lot of fun - an elegant yet playful piece of seating that suits any informal environment. Available in two sizes - so the kids can share in the enjoyment. The Chuckle is light and easy to move, adaptable to both internal and external conditions.

Apple Stool

Contemporary polypropylene stools for indoor or outdoor use.

Clever nestling style

Textured non-slip finish

Available in: Orange, Ice White, Metallic, Green

Boom Stool

Contemporary polypropylene stools for indoor or outdoor use.

Funky off-square style

Textured non-slip finish

Available in: Orange, Ice White, Charcoal, Blue

Anise Stool

The beautifully shaped *Anise* stool, inspired by the star anise of oriental cuisine, stimulates conviviality when used either indoors or out. Like all Cottapot furniture, the *Anise* is available in a huge range of recyclable polyethylene plastic colours to suit all occasions and decors. It is 450mm in height by 400mm square.

M Stools

The Askman Taburet M Stool can be used as seating for dining, desks, as a side table & as art in a room as it has a wonderful harmonious organic shape. Because the stool is fairly small in stature and is perfect seat height it can be brought out as an extra chair when entertaining and can be put away or hidden underneath the table when not in use. Beech, Black, White & Red (All lacquered)

60 Stool

In its simplicity it consists of three L-shaped legs, whose manufacturing technology was patented, and a circular seat. The secret of its success lies in its legs' unique bends, quality and finishing. When testing the durability of his famous stool, Aalto hurled it to the floor and shouted, "We'll sell thousands of these!" In this respect Aalto was mistaken; more than 1.5 million Aalto stools have been sold all over the world. Available with natural Birch top, white or grey laminate, black or red manoleum. Stackable. Suitable for both stool or side table.

Moving Stool

The design is inspired by an ironic reflection on nature and the use of products: the subdued yet readily communicative design aims at establishing an emotional type of relationship between the objects and those using them. Mass coloured polypropylene with stainless steel handle. Suitable for both indoor and outdoor use. Colours: Sky Blue, Mint, Orange and White.

Lala Stool

The sculptural form of Lala stool engages from every angle. Encouraging different views, Lala stool's counteracting conical shapes collide diagonally, creating a fusion of crisp lines with curved forms.

Kubix Stool

Stackable stool. Resistant to heat and sunlight. Range of colours available in gloss or matt. Rotational moulded Polyethylene.

Rumble Stool

Rotationally moulded, recyclable polypropylene one piece stool. Suitable for indoor and outdoor use.
