

MAESTRO

THE IDEAL SIT-TO-STAND DESK

Maestro

The Maestro sit/stand frame has a robust appearance thanks to the rectangular column of 95x60 mm.

The pre-assembled frame is toolless and flodable. Therefore the installation time is very short! The worktop is electrically adjustable from 65-130 cm. The frames are suitable for sheets from 120 cm up to and including 200 cm wide.

- › Simple assembly: Ready in less than 5 minutes!
- › Height adjustment: 65-130 cm.
- › Toolless installation.
- › PET frameless screen solutions.
- › Wide range option of cabling from simplicity to advance solution.
- › Variety of add-on accesories to suits your preference.
- › Built in with anti-collisions.
